

ROUGH CUT

If you want me, don't you take me for granted
If you need me, take as I am
I been waiting, anticipating
If you love me, take me as I am

Well I've been waiting on you
You keep me hanging around now,
Baby, baby won't you be true
Let me be your man

Well I try hard to be true
You keep be hanging around now
Baby, babe you know that its true
Take me while you can now.

If you need me, don't you take me for granted
If you want me, take me as I am
I've been waiting, anticipatin'
If you want me, take me while you can

Well I've got news for you
I'm gonna find somebody new girl
Baby, babe won't you be true
Take me as I am, now

You know you make me insane

Waiting on your command
